A Newly-Discovered Nation.

The campaign of Gen. Crook against
the Apaches, last year, opened to re-
search a tract of land, two hundred
miles square, which is rich in relics of
our country's unknown past. It con-
tains a chain of ancient cities in ruins
and a coterie of ancient towns still in-
habited by a race which holds itself
aloof from Indian and Mexican and
American, prides itself on its descent
from the ancient inhabitants of the
country, and maintains a religion and
a government, both of which are pecu-
liar to itself. We are indebted to Capt.
W. C. Manning, of the regular army,
for the facts in his possession concern-
ing the newly-discovered race. Capt.
Manning, who was with Gen. Crook
during the whole campaign, and was
recommended for promotion by the
another lieutenant, wrote a minute account
of it. This account is true, in nearly
every detail to-day. The language re-
sembles the Chinese. So an ardent
archaeologist, who visited the city a
year ago, says. Some of the minor
customs correspond to those of the
Chinese. The women are of the true
celestial type—almost idyllic. They
dress the hair as themselves in the
Chinese fashion. Their religion is
barbarously magnificent. Montezuma
is their deity. His coming is looked
for at sunrise each day. Immortals
are selected for life. Old men are
heavily embroidered robes have been
used for unnumbered years. The
ceremonies of worship are formal and
pompous. The morality of this strange
people, so far as the foreigners are
concerned, is irreproachable. It is prob-
able that they keep a record of events
by means of tying peculiar knots in
long cords. This, if true, seems to es-
tablish in accuracy the claims of a dis-
tinctness between them and the Aztecs.
Their government is a con-
servative republic. Power is vested in
a council of thirty elders. Six of these
are selected for life. Old men are
generally chosen, in order that their
terms of office may not be inordinately
long. The remaining seven are elected
for a term of one year. The chief ex-
ecutive. Another is a sort of vice-
president. There is a war-chief, a
chief of police, etc. These seven ca-
pitals are usually young men. They
are selected for life. The council is
universal. It is scarcely necessary to
supplement these facts with the state-
ment that these dwellers in towns are
civilized in civilization. On this point,
one fact speaks volumes. Woman is
not a beast of burden among them,
as she is with all Indian tribes. She
is held in high respect. Her tasks
are light and pleasant. The history
studied may prove a clue to the prob-
lem of the aboriginal Americans. The
mound-builders of the North and the
ancient cities of the Southwest, which
represented in the town-dwellers of
New Mexico and Arizona.—Chicago
Tribune.

The Armies of Europe.

If preparations for war can be taken
as indications of coming events, it
seems that all Europe is pre-
paring for the disturbances of the peace-
ful conditions which at present prevail
there. In Germany, Krupp, the great
manufacturer of cannon, has raised a
loan of 12,000,000 thalers to extend his
works, while by the beginning of next
year the whole army will be equipped
with the Mauser rifle. In France every
effort is making to place the military
establishment on a more formidable
footing than it has had for many years.
Austria is greatly increasing its army;
and in Russia it is proposed to raise
the army to 5,000,000 by enforcing a
general conscription the coming
autumn. The following table, taken
from the London Times, shows the
general increase in the military forces
of the principal European states during
the last fifteen years:

Notwithstanding the cordial

relations which apparently exist between
the Czar and the Emperor William,
the newspapers of St. Petersburg per-
sist in accusing Germany of a disposi-
tion to go to war with France and the
rest of mankind as soon as possible;
and the anti-German feeling which is
so general among the Russian people
undoubtedly extends to the highest
circles.

No Children.

A home without children is like a
heaven without angels. We often hear
the landlords prefer some of their ten-
ants because they have no children.
Advocates on houses to let, or on
boards, are qualified thus: "with-
out children." Children are an in-
convenience, a nuisance, and are not
wanted. Supported by these and other
pretexts, the parents of a family of
society, and single persons and childless
parents; houses and homes where no
little girls prattle, no little voices cry,
no little feet tread on the floor, no
little hands are busy with the needle,
no little heads are bowed in prayer,
no little hearts are beating with the
joy of life, no little souls are saved

Plummer Carriage Factory in this
place is turning out some very fine car-
riages, buggies, etc. A large number
of barouches or family carriages, have
been made during this summer. They are
put up by the very best workmen,
and none but the choicest materials are
used in their construction, which is
true of all work turned out of this es-
tablishment. We noticed the other
day a splendid two-seated and covered
family carriage that was gotten up
here to order for Mr. Houston, of
Knights Landing, elegant in its appear-
ance and first-class in all its appoint-
ments—such a carriage as San Fran-
cisco might brag over. Also a light single
buggy, made to order for Mr. Webb
Curtis, of Curtis' Station. This is the
most elegant and tasty little vehicle
we have seen in many a day—the
running-gear painted a bright vermilion
with gilt stripes, and the body a
rich dark color, all highly varnished
and each department of its construction
in perfect keeping with the original de-
sign of elegance, lightness and strength
combined. It would be a good thing
for our town if we had more establish-
ments of this kind, where the raw
material is worked up for home use,
employing a number of men and sup-
plying the local demand with a better
article at a less price than it can be ob-
tained elsewhere. Mr. Plummer
finds that it pays to use the best ma-
terials only and turn out none but first-
class vehicles, as to construction, ap-
pearance and durability.

HEPHERIAN COLLEGE OPENING.—
This old established and popular in-
stitution opened again, after the usual
summer vacation, on Monday last.
The attendance on the first day was
somewhat less than usual—about forty—
but the number has increased to nearly
sixty and many others will come in
within a few days. The harvest being
later than usual has detained some of
the male students, and others of both
sexes are tardy from various causes.
It is confidently expected the atten-
dance will reach the average number
of previous terms. A favorable feature
for the financial management of the
college at this opening is, that there is
a larger number entering the Col-
legiate Department than heretofore.
Probably in our next issue we shall be
able to give a better idea of what the
attendance will be, with the classifica-
tion of students, etc., though they
will not all be in for some time yet.

STREET MATTERS.—The new Board
of Town Trustees should by all means
give their attention to the locating and
opening of streets. If the improve-
ment of our town is desired this cannot
be done too soon. Court street and the
first street south of Main, especially,
ought to be opened a proper and uni-
form width throughout, so that resi-
dents thereon can improve the same
and their adjacent property im-
mediately after the first rains. Shrubby
set out in the Fall will have the
benefit of the whole of the winter rains
to give it a start, and the streets can
be graded and graveled at the proper time.
We with many others feel interested
in this matter, and we hope our Town
Fathers will not only see that action is
necessary, but that it will result in
great good to the town in the future.

JUSTICE'S COURT.—The case of the
People vs. S. Ridgeway, charged by a
Mr. Stocks with assault and battery,
was tried by jury before Justice Minis,
and defendant found guilty, but recom-
mended to the mercy of the Court, fined
\$30, which was promptly paid and the
prisoner set at liberty. Hugh Doudy
bribered the house of Mr. A. Alexander
and flourished a pistol around in a
threatening manner. Mr. A. caused
his arrest for disturbing the peace.
Doudy was tried, found guilty and
fined \$30, which was also paid and
prisoner discharged.

I. O. R. M.—A party of the members
of Shawnee Tribe of Red Men, of this
place, paid a visit to their dusky
brethren of Davisville, the Siskiyoues,
on Tuesday evening last, when they
were nicely entertained. The party
consisted of H. B. Pendegast, Jason
Watkins, W. A. Henry, A. C. Keen,
Frank Hadsell, Mr. Stollings, R. H.
Beamer, and J. J. Ammons.

SPRUNG A LEAK.—The boiler at the
Water Works leaked so that it had to
be repaired yesterday. It did not in-
terfere with the ordinary water supply,
however, and is now in full working
order again. The Water Works are a
success in every respect and a real
blessing to our town.

INSURANCE.—We refer our readers to
the new advertisement of George D.
Fiske, fire and life insurance agent.
Mr. Fiske also loans money, deals in
real estate, etc., etc.

EXACT AMOUNT.—The assessment
roll for this county, after having been
passed upon by the Board of Equaliza-
tion, foots up \$9,254,910. So says the
County Auditor.

OPENING OF THE PUBLIC SCHOOL.—
On Monday last the public schools of
Woodland were opened with an at-
tendance of 275 scholars—as many as
the building ought to accommodate we
should judge—but on Tuesday we learn
there were present upwards of 300. It is
necessarily quite a task to get so many
children properly classified and graded,
but the task was successfully accom-
plished and all were accommodated.
The teachers are as follows: F. A. Pedler,
principal; Mrs. J. M. Martin, Miss M.
E. Freeman, Miss Bell, Mrs. F. A.
Pedler, and Mrs. A. A. DeLong. The
colored school was also opened in Free-
man's block, with an attendance of ten
scholars; Miss Newton, teacher.

SENSIBLE.—The colored folks very
good naturedly accepted the room pro-
vided for them by the Trustees, with
Miss Newton as teacher, and we learn
are getting along very well with their
studies. There are only ten scholars in
attendance (all there are in the dis-
trict), and consequently they have a
far better chance for learning, if a
teacher's aid amounts to anything,
than the white scholars have; for all
of the teachers in the school house
have from three to six times as many
scholars to attend to. So it remains
with them to avail themselves of these
superior advantages. And it is hoped
there will be no more grumbling at
present.

**LECTURE AND MUSICAL ENTERTAIN-
MENT.**—Rev. Father Kaiser will de-
liver a public lecture at Washington
Hall on Sunday, Sept. 13th at 7 1/2 p. m.
Subject: "Marriage or Free Love?"
There will be music before, during and
after the lecture by the Woodland
Band. The object is to aid the Catholic
Church Building Fund. Tickets will
be issued in due time. This will afford
all our citizens an opportunity to con-
tribute a little towards the new
church. The contract for it will be let
in a few days.

CONCERT.—The Society of Free
Thought will give their fourth month-
ly concert next Sunday in Turner's
Hall, commencing at 10 1/2 a. m. The oc-
casion will be made more than usually
attractive by the introduction of other
features. After the concert the audi-
ence will be treated to a feast of the most
luscious grapes—a free will offering of
that prince of grape growers, R. B.
Blowers. Admittance to the concert
and feast will be free, and the directors
hope to greet a full hall.

DEATH.—William Coates, phono-
graphic reporter of the Sixth District
Court, died in Sacramento on Tuesday
last. The bar of the city passed appro-
priate resolutions and ordered them
spread upon the minutes and draped
in mourning. The flag upon our Court
was placed half-mast as a mark of re-
spect for the deceased.

BOOKS AND STATIONERY.—Those
who are about procuring new books
and stationery for the new term, either
at the College or Public Schools, are
referred to the full assortment of all the
kinds used kept by G. W. Greene, in
College block, which he is selling just
as low as they can be afforded.

BIDS TO BE OPENED.—On Sunday
next at half past four p. m. the follow-
ing Committee will meet at the Cath-
olic Parish House to open the sealed
proposals for building the new Catholic
Church in Woodland: Messrs. John
Tackney, M. J. S. McWilliams, Charles
St. Louis and Antoine Miller.

"DOUBLE-GEARED."—This is a very
appropriate term for a two-faced con-
cern like the Mail to use. How do you
go along neighbor trying to carry
water on both shoulders by truckling
first to the Republicans and then to the
Independents? Remember the story
about sitting on two stools.

ACCIDENT.—Mr. Jas. Viers, of the
firm of Chas. H. Davis & Co., butchers,
of this place, was thrown from his horse
the other day while driving a herd of
cattle, caused by the horse stepping
into a hole and stumbling. Mr. V.
was considerably stunned and bruised
but is fast recovering.

"NEST-HIDING."—Still the Beecher-
Tilton case hangs fire and the facts are
as far from being known as ever by the
general public. Beecher has made a
statement, Moulton another, and now it
is said there are still others to be made.
The daily papers are filled with the
sickening stuff.

WHEAT.—Still the farmers haul in
their wheat at the rate of four hundred
tons a day, nearly all of which goes in-
to store for better prices. The figures
offered here are \$1.40 @ \$1.45 per cen-
tal. The shipments for the week by
railroad will be between ten and twelve
hundred tons.

OAT VALLEY.—We are informed
that the mails do not arrive at Oat Val-
ley post office as regularly since the
appointment of the new postmaster as
formerly. We do not see why, but
our information is that such is the fact.

FURNITURE FOR SALE.—I have de-
termined to sell all my household
furniture, etc. Parties wishing to pur-
chase will please call at my residence
opposite the Railroad Depot.

A. B. SHEARER.
REMOVALS.—Wells, Fargo & Co's Ex-
press office was yesterday removed into
the old Bank building. The telegraph
office has also been moved and is now
located in Freeman's hardware store.

PACIFIC BOOT AND SHOE FACTORY.
The reader is referred to the card of
Mr. Hillebrand, proprietor of the above
house, under our head "New Ad-
vertisements."

WHITE HOUSE.—Read the new ad-
vertisement of this establishment. The
stock of goods is now very large and
complete.

Letter from Cacherville.
[From our Regular Correspondent.]
CACHVILLE, Aug. 20th, 1874.
EDITOR DEMOCRAT:—Since the pub-
lication of my last letter I have felt it
scarcely safe to emerge from my seclu-
sion; but as the excitement has some-
what abated I venture a few more re-
marks, though I cannot promise a very
inviting dish of literary hash. If I
were as well informed in scriptural
matters as your Davisville correspond-
ent I might rehearse a few interesting
narratives; but since the exposure of
the Beecher-Tilton affair I have quit
attending church altogether and spend
the greater part of Sundays reading
Don Juan. If Byron had only had
such a famous character as Beecher to
work upon, how much he might have
improved that great work.

Excitements are scarce, and all that
remains to be done to give our town
the solemnity of the grave-yard is the
enforcement of the Local Option law.
When that law comes into effect skele-
tons will be seen moaning along our
quiet streets, while ever and anon a
voice as "from the tombs, a doleful
sound," will be heard to utter "Give
me drink; I thirst. Give me bread; I
starve." But alas, their wails and
cries will avail nothing.

The best thing of the season I learn
is this: The other day a gentleman
arrived in town and inquired the way
to Knights Landing. One of our citi-
zens who is always ready to render
all the assistance in his power directed
him to "turn around the tree at the
end of main street and follow the road
leading north." The anxious traveler,
following this advice, proceeded on his
journey till quite outside of town,
when, retracing his course he returned
to the tree, and with an air that would
do justice to a Supreme Judge, made
a complete circle around the tree and
again proceeded on his journey. It is
needless to say that he was vociferously
cheered by the crowd that watched
the performance.

Harvest is drawing to a close; but
our farmers find good employment in
taking their grain to market, selling
it, and spending the proceeds for
wearing apparel for their daughters.
They expect that there will be a great
demand for candidates for matrimony
next Fall. (Now, the comet has noth-
ing to do with this. That orb has gone
out after perpetrating all the mischief
possible in social affairs.)

The time for drunken carousals is
now at its fullest; yet the sweat-house
is empty, and our peace officers have
but little to do.

CYRIL.

The "Dead Party."

The Missouri Democrats will hold
their State Convention at Jefferson
City on Wednesday, August 20th.
The New Jersey Democratic State
Convention for the nomination of a
candidate for Governor will be held
early in September.

The St. Joseph (Mo.) Gazette is sat-
isfied that the Farmer's State Con-
vention in that State will be nomi-
nated, but will accept the ticket nomi-
nated by the Democratic Convention.
The Democrats carried every district
in North Carolina except the Second.

The papers generally through the
South express a decided preference for
Senator Thurman as the Democratic
standard-bearer in the coming Presi-
dential campaign, and the opinion of
the South is in favor of the Demo-
cratic ticket. The Republican party
will be the next Governor; and the
next Congressional Delegation will
be five Democrats to three Republicans.

The Troy Press says that with Dix as
a candidate, "the party is as
certain of defeat in November as that
the sun shall rise on election day. Dix
must be the candidate, and with him
the Radical party will go down to ruin,
he thus paying back to the Democracy
the debt he owes in agreeing to be the
Jonah who founders the Radical bark."

One of the most significant signs of
the times is the declining of so many
Republican Congressmen to stand for
re-election. Five Massachusetts celeb-
rities have already announced their in-
tention to retire, and B. F. Butler is
yet to hear from. In Michigan, Iowa,
Wisconsin, and other Northwestern
States, where the Republican party
once possessed every Congressional
district, the standard is assuming the
shape of a panicle.

CLOUD BURST AT AUSTIN.—Loss,
\$100,000.—Austin, Nevada, Aug. 18.
A heavy rain storm, accompanied by
thunder and lightning, set in at this
place shortly after five o'clock this
evening, and in a few minutes after a
foot of water was running through the
streets. Some Indians camped on
the hills on the south side of the cañon
on which the town is built, rushed in
a body to a hill overlooking the town,
making frantic gestures, indicating
impending danger. A moment after-
ward a horseman galloped through the
cañon, crying, "Water, water! To the
hills! to the hills!" and immediately
behind him followed a roll of turbid
water eight feet in height, which
swept through the town like an
avalanche, carrying destruction with
it. For a few minutes nothing could
be heard but the cracking of timbers,
falling awnings, the crash of buildings,
and the deafening roar of the torrent.
People fled to the hills, and there in
crowds, witnessed the scene of destruc-
tion. Fortunately, no lives were lost
as far as known. It is impossible to
accurately estimate the amount of loss
at present, but it cannot fall short of
\$100,000.

At this hour—9 P. M.—a heavy stream
is rushing through the streets, and
rain is falling in torrents. The cause
of the disaster appears to have been a
cloud-burst in the vicinity of the sum-
mit.

Among the heaviest losers are
Ephraim & Co., Wm. Gibson, Triplett
& Clark, S. Lewis & Bro., Bauer's
brewery, A. Lower, and E. Wallace.

CONSIDERABLE excitement is being occa-
sioned in the parish of Basle, county of Portneuf,
Canada, by the occurrence of certain phenom-
ena of nature, consisting of peculiar internal
noises and commotion in the earth, as well
as shocks of earthquake. The noises vary
from low, distant murmurings to loud reverber-
ating thunders, and are attended with
violent and threatening that the more im-
mediate residents of the place where the noises were
heard fled from their homes, and others
are preparing to follow. The opinion is di-
vided as to whether fire or water will declare it-
self. The result is looked for with much trep-
idation.

ADVENT PREACHING.—Dr. M. G.
Kellogg will preach at the Advent
Church on Sunday evening next, Aug.
23d, at 7 1/2 o'clock. All are invited.

THE CHURCH AND MARRIAGE.—The
Chicago Tribune thinks that the degen-
eration of the Church on the question
of the marriage relation and family
morals, is astonishing, and maintains
that "the main thing for the church to
do now is to set itself right on the
marriage question. It must regain its
old position as the conservator of
family morals. On the question of
marriage, divorce, generation, and the
relation of the sexes generally, it
must take a firm stand, and adhere to
its principles in practice as well as
theory. Unless the church adopts this
course at once, Beecher's fall will be
like that of Sampson—the great temple
will go down with him, and neither
will be known among men forever
more."

A MAN tried to smuggle a wagon load of tobacco
across the Belgian frontier recently by driv-
ing at full speed, but the Customs House sol-
dier brought down his horse with his rifle.
There was \$600 worth of tobacco in the wagon
and the horse was in a humor and started with
kibbles about the bridge that one could not
have topped him by hand without being cut to
pieces.

The South Kensington Museum, in London,
has cost the nation since its establishment
\$5,308,510. A correspondent writes: "Those
who have visited the museum will be

actual present value when I say that if its con-
tents were sold at auction to-morrow, they
would not bring less than twenty millions
sterling."

been the study of many of our learned men to

and is now offered to the world under the
name of Hall's Vegetable Sillian Hair Re-

following:

"This is to certify that I was very bald; in
fact, my head was perfectly smooth; and it is
now covered with a thick growth of hair, and
I have now used four bottles of Hall's
Vegetable Sillian Hair Renewer; and my
hair has grown out all over my head, and is
now a natural brown."
